

Take a deep breath

The beautiful garden lot near the shed has been around for a long time. We just had to discover how comfortable it is to convene here on a beautiful day. Undisturbed by daily business and inspired by the adjacent castle. Including all the equipment that is needed to move from thinking outside to thinking outside the box: the ideal convention garden! And if the weather doesn't agree with the plans, the classic conference room awaits you.

Recommended for
Creative seminars
